*An International Journal of Mechatronics, Sensors, Monitoring, Control, Diagnosis, & Life Cycle Eng.*

Volume 4, Number 2~3, March~May 2008

### CONTENTS

<b>Fabio Casciati</b> (Italy) and <b>Casper van der Eijk</b> (Norway) Variability in mechanical properties and microstructure characterization of CuAlBe shape memory alloys for vibration mitigation .....	103
<b>Arkadi Berezovski</b> (Estonia) Influence of geometry and loading conditions on the dynamics of martensitic fronts .....	123
<b>J. S. Olsen, C. Van der Eijk</b> and <b>Z. L. Zhang</b> (Norway) Numerical analysis of a new SMA-based seismic damper system and material characterization of two commercial NiTi-alloys .....	137
<b>Sara Casciati</b> and <b>Karim Hamdaoui</b> (Italy) Experimental and numerical studies toward the implementation of shape memory alloy ties in masonry structures .....	153
<b>O. A. Mavrouli</b> and <b>C. A. Syrmakizis</b> (Greece) Investigation of masonry elasticity and shear moduli using finite element micro-models .....	171
<b>Christis Z. Chrysostomou, Themis Demetriou</b> and <b>Andreas Stassis</b> (Cyprus) Health-monitoring and system-identification of an ancient aqueduct .....	183
<b>Khaldoon A. Bani-Hani</b> (Qatar), <b>Hazem S. Zibdeh</b> (Jordan) and <b>Karim Hamdaoui</b> (Italy) Health monitoring of a historical monument in Jordan based on ambient vibration test .....	195
<b>S. El-Borgi, S. Choura, M. Neifar, H. Smaoui, M.S. Majdoub</b> and <b>D. Cherif</b> (Tunisia) Seismic vulnerability assessment of a historical building in Tunisia .....	209
<b>Adel El-Attar, Ahmed Saleh, Islam El-Habbal, Abdel Hamid Zaghw</b> and <b>Ashraf Osman</b> (Egypt) The use of SMA wire dampers to enhance the seismic performance of two historical Islamic minarets .....	221
<b>C. A. Syrmakizis, A. K. Antonopoulos</b> and <b>O. A. Mavrouli</b> (Greece) Aseismic protection of historical structures using modern retrofitting techniques .....	233
<b>S. El-Borgi, M. Neifar, M. Ben Jabeur, D. Cherif</b> and <b>H. Smaoui</b> (Tunisia) Use of copper shape memory alloys in retrofitting historical monuments .....	247
<b>Christis Z. Chrysostomou, Andreas Stassis, Themis Demetriou</b> (Cyprus) and <b>Karim Hamdaoui</b> (Italy) Application of shape memory alloy prestressing devices on an ancient aqueduct .....	261
